done these earthquakes, the dis- shape.

The Missing Man.

The report that J. E. Dixon late proprietor of the Russ House, was misslearned from Mr. Sam'l Huches:

Frank Brownell has completed his Monday night he camped at Menegers answer. All knew it was an earthquake controls at the Atias mine and leaves mine. His horses were staked out, but and that they had been wonderfully Rechester, contract builder has mine, to find them. The man came as far as Tucson, thinking that as this was mine, to find them. The man came as their home they would come here direct. He however, failed to find them, and returned home, which place he resched on California red wood and hard Friday last. To his surprise his own orses were gone. Dixen having evidently substituted them for his own. He a a decided success. His at once followed Dixon and on Saturday Arizona scenery, and some evening found his team on the road about five or six miles south of the Sahnerita, but Dixon was missing. He shouted De Crattenden Lime Company have himself hourse, but failing to clicit a make arrangements with Mr. Thomas reply he turned the team which was the lumber man, to handle their headed towards Tubae, and went to the this lime is said to be equal to Sahuarita where he remained all night. Early next morning accompanied by Mr. J. K. Brown, and another American, The Partisaks subsection of mail irregularity, whose mane has not been went to where he had found the team the evening before, but no trace of the evening before, but no trace of Dixon could be found. Further back however, it was seen where he had lett the wagon and accompanied by a small dog, bud g to towards a large clump of ottonwood trees in the bettom. These se had circled repeatedly, apparently without snything definite in view, and had gone, but where they could not tell one in Red's opera house, for the bene-as they found it impossible to trail him. The body was been made by the quakes of Lisborn, Calbridge of Lisborn, abris and others of little lesser note far as known, was the last to converse utterly untrue and can be easily dis-

it is stated they claim they were promised they could go back to the Apache reservation, whereas they were told distinctly and emphatically they could not return there. This was fully understood. In order that there may be no misunderstanding regarding my views on the subject, I may se well say my belief that the purpose of the government is to send the hostiles that might surrender to the military authorities at Fort Marion, Fiorida, but I strongly advised against sending to that place indians who had been living under the surveillance of the military at Fort Apache, who, although fed and regarded nominally as prisoners of war, had not been disa med. The It was with this view I obtained permission to send a delegation of Indiana to Washington, in order that they might see for themselves that the proposes change involved no hardship. I recommended that they be allowed to vis such lands as might be available or ob tainable for them, at least 1200 mile east of their accustomed mountain haunts, until such time as the government was able to locate them on some

behalf on the part of friends of the Indians in the east, I realized the imperative necessity to remove them from Arithey remained there was no assurance of ever deviltry they might commit. Their camps were hiding places. The founoccurred in the southwestern territories.

Debauched by the use of fiery mescal Some of the Indians pow in Florida were not on the warpath last year. Some had been used as scouts; but it is likewise true that nearly every one of them was engaged at one time or another in murder and pillage. One apparently of the best of the Warm Spring chiefs misled a party of soldiers at a time when the fugitive hostiles were almost within our show the necessity of removal, and I carnestly protest, on behalf of the desctlers in that isolated and unprotected region, that not one of the Indians be sent back to Arizona or New Mexico Sarely, our citizens are no less deserving of the consideration and kindly ing of that regard which should begiven at last he passed away as in a quiet sleep. He was at once brought to the souri river, and reframs from turning them over to the civil authorities

> NELSON A. MILLES, Brigadier General U. S. A.

Late. All was quiet and an inquest held.

I was now at an elevation of 10,000 years, and bus a brother working in that being election day. I told him that the big election day. I told him that the being election day. I told him that the big election day. I told him that the big election day. I told him that the being election day. I told him that the big election day. I told him that the The Colorado Mire says: "Do you will ordered me to act as parrol. There

ALLERS ON LAWYERS.

THE PRECAUTIONS THAT ARE TAKEN AGAINST BORES AND CRANKS.

How Mistakes Are Sometimes Made. People Who Are Hardest to Get Rid of Carne, Albert Curiel, Pastoria Troublesome Women Clients—Desire Callen, Matt for Litigation.

People who visit the offices of prominent People who visit the offices of prominent lawyers find that they are usually cooped Fisher Jud?

up in little dens of their own, and labyrinthine passages and inquisitive clerks. Fletcher, Chas H proved. Possibly, however, errors may and while the incivility of clerks and have occurred in their interpretation of middle men may be trying to the temper of were given to the public. For instance, such a course must be taken or the lawyers would have their hands full of business in which there was no money, and be driven to the verge of suicide by bores. "The reception room," said the chief clerk of a large law firm to a reporter, "has many queer people in it at times There are a set of cranks of the most anboying kind who make the rounds of the ading law firms in the city. They are orn litigants. Some of them have Whenever a man comes into an office for the first time and unrolls an old map or any other document with the yellow tinge f age on it the guns are at once trained on him. Mistakes are sometimes made It does not always do to size up a man from appearances. My resignation was imperative necessity of their removal asked once because I sat down hard on a out of Arizona was, in my judgment, as client who could sign his check for a millnecessary for the destruction or caption but looked like a tramp. That's one ture of the hostiles under Geronnimo, serious drawback; millionaires do not always look like it

HARD TO GET RID OF.

"The people who own half the city and an prove it and those who are interested inventions and patents are the hardest o get rid of. If they can get hold with n eyelid they will never let go. They means for self-support,

My intention was to follow practically for they will sit the whole day, if neces knowledge of law and can ask questions that would make the oldest practitioner scratch his head. Nearly all these peculzons and New Mexico, for as long as lar people are eccentric or mentally un sound and most of them really believe peace, neither life nor property of set- that they have been injured and are entlers was secure. The very nature of titled to redress. At one time there were back to continue the search. On his way he mot Mr. McLachlan searching idea that they would be secure in whatposes, and it is a rule in some offices that strange women are never seen by any

tain-source of all their hostilities have member of the firm except when with nesses are present. It is a peculiar thing that women clients who have legitimate and "tiswin" they murder through a business in court form a violent antipathy against any one who is opposed to them and do not hesitate to make known their intense hatred by word and manner."-The Old Time Bohemians. Fifteen years ago it was the pride of porters to be called "Bohemians. They were, as a rule, imitators of Poe and carller coterie of erratic geniuses, who ent an hour on literary work and two irs in pushing the social glass. To be to drink with politicians and hold alification for a reporter as to be able write well, and indeed the grand cen-

us and beer saloons, where the reporters gathered to meet the politicians and scure items. Few of them had any e life. They were, as a class, young who lived in furnished rooms or is, and snatched their meals at any They were bold and enterprising, or they had to be so in order to succeed their work. They were quick and

o would have been inexcusable in any other business .- New York Times. Departure in Sleeping Cars. The charges upon sleeping cars have e knew that the porter's employers gave im so small wages that unless the passeners came to his rescue he would be shame illy underpaid. The Wisconsin Central Railroad company has just announced a ew departure in this matter. It has cided to increase the pay of the porters nd waiters employed on its sleeping and lining cars to an amount which will give them ample compensation for their work and prohibit them from receiving "tips" from passengers. Orders have been issued "when requested" to do so, for which cents. This is a practical way of dealing
